This is the 21st year of serving kids in the Eastern Panhandle!

A little "change"... can make a BIG difference!

Help us make Christmas dreams come true for families in need!

Community. From now through mid-December, we are collecting "change" all over the Eastern Panhandle because a little change does make a BIG difference in the lives of those less fortunate!!

Classrooms. What a great way to teach our children that everyone can make a difference! Kids can bring their coins to school or church or organization and fill a jar!

Businesses. What a fun easy way to raise money for a worthy cause. Employees can participate and customers too! Establish a dress down day where employees can donate to dress down for the cause or be creative and come up with your own event to raise money!

Christmas Cash for Kids

An Initiative of the United Way of the Eastern Panhandle, Inc., City National Bank, DHHR, WVRC Media, and Kisner Communications

What is CHRISTMAS CASH FOR KIDS?

Christmas Cash for Kids is in its 21st year of making Christmas possible for less fortunate children in our community. The program is supported entirely by donations and local volunteers. Families are selected by the Department of Health and Human Resources in **Berkeley, Jefferson and Morgan counties.** Monies raised in each county will stay in each county to benefit families in those communities.

The main objective is to provide gifts to kids who otherwise may not receive anything for Christmas.
