This is the 21st year Christmas Cash for Kids has served kids in the Eastern Panhandle!

A little "change"... can make a BIG difference!

Make Christmas dreams come true for families in need this holiday season!

Christmas Cash for Kids makes Christmas possible for less fortunate children in our community. The program is supported entirely by donations and local volunteers. Families in need are selected by the local Department of Health and Human Resources in Berkeley, Jefferson and Morgan counties after a screening process and referrals from Case Managers. Monies raised in each county will stay in each county to benefit families in those communities.
